

# OADCPH

AFRICAN ORGANIZATION FOR THE DEVELOPMENT  
OF CENTRES FOR PEOPLE WITH DISABILITIES

## Donation report

Period: January to July 2022

## A year of hyperactivity

There are still thousands of people with disabilities who, every day, hope to be able to benefit from assistance for their mobility. Gradually, the taboo on disability is receding and many families also want to see their children with disabilities go to school and play with other children; young people, adults and the elderly who no longer want to be deprived of their autonomy. Halfway through 2022, we have already responded to several requests across Africa thanks to you, our partners. With you, we give everyone a chance and thus contribute to restoring social justice so that no one is left behind..

Yvan wearing a femoral prosthesis made with recycled components.

## YVAN

Thanks to the diligence of Handicap International, Yvan amputated very early due to a malformation got his first prosthesis. HI carefully prepared a complete kit for Yvan and he was fitted and monitored free of charge at the "APROSA" fitting and rehabilitation center in Kpalimé (Togo), and at the "Notre Dame de Lourdes" physiotherapy center in Lomé (Togo). Yvan and his parents are very happy because he can finally start school and feel like the other children.

Yvan before his departure

Kit of recycled components prepared by HI for Yvan

Ms. DANDI with a shoulder scarf made from recycled assistive products.

## Mme DANDI

With this shoulder sling from the donation of recycled assistive products, it is more comfortable and less painful for Mrs. DANDI to maintain her arm.

Mr. Sagbo wearing a tibial prosthesis made with recycled components.

## M. SAGBO

Thanks to the donation of recycled components, Mr. SAGBO, victim of a road accident, received a transtibial prosthesis.

Donation of wheelchairs and tricycles to the Togolese Federation of Disabled Persons Associations (FETAPH).

## FETAPH

**OADCPH donated 09 wheelchairs and tricycles to FETAPH.**

The two structures have come together by signing a partnership agreement, in order to unite their actions to improve the care of people with disabilities in Togo..

## Mots du bénéficiaire

Je remercie le bon Dieu, mon mari et mon entourage de m'avoir aidé, soutenue et donner espoir pendant 3 ans avec l'aide de béquilles Mariée et sans enfant âgé de 61 ans et dans une vulnérabilité totale c'est vraiment une grande joie de remarcher seule sans aide. Je rends grâce a l'ONG TOUNKADIRA NIGER

## Mots du responsable :

Par la voix de la patiente je remercie une fois de plus le département ONG de l'OACDPH Lomé Togo d'avoir redonné espoir de joie à cette dame grâce au don de matériels orthopédique à l'ONG TOUNKADIRA NIGER.

Président : RA

MOROU FODIAIZE SANDA

## Some beneficiaries

Donation of recycled assistive products to the APROSA Centre

# APROSA

## Donation of recycled assistance products to APROSA for the care of beneficiaries.

Thanks to the support of OADCPH, the APROSA centre, a member of OADCPH since its creation, has benefited from funding from Japan for its renovation. APROSA regularly receives recycled assistive products for the care of its vulnerable patients.

Donation of orthopedic and various components to the National School of Medical Auxiliaries of Lomé (ENAM-L)

## ENAM L

**The OADCPC made a significant donation of orthopedic components and hydroalcoholic gels to ENAM L (National School of Medical Auxiliaries of Lomé).**

This donation will be used to teach orthopedic students, and to ensure hand hygiene in the context of covid 19.

## Act with us

### Why act with us?

By accompanying us, many people with disabilities, children, young people and vulnerable adults, benefit from rehabilitation care in Africa, through our network of rehabilitation centers and professionals, and also associations.

### Become our partner

### How to act with us?

By providing us with recovery equipment and components for the care of people with disabilities in Africa.

By helping us to cover the logistical costs related to the acquisition of equipment.
