

# OADCPH

AFRICAN ORGANIZATION FOR THE DEVELOPMENT  
OF CENTRES FOR PEOPLE WITH DISABILITIES

## Donation report

Period from January to December 2022

## *A year for hyper activities*

There are still thousands of people with disabilities who, every day, hope to be able to benefit from assistance for their mobility. Gradually, the taboo on disability is receding and many families also want to see their children with disabilities go to school and play with other children; young people, adults and the elderly who no longer want to be deprived of their autonomy. Throughout 2022, we have responded to several requests across Africa thanks to you our partners.

With you, we give everyone a chance and thus contribute to restoring social justice so that no one is left behind.

## Some beneficiaries

Leila's old prostheses

Leila's rehabilitation session at the YIK KENE center in Burkina Faso

## Leila

Léila is a 10-year-old girl from Burkina Faso, disabled in both lower limbs. These old prostheses have become obsolete and very small for her. With the donation of recycled components, Leila obtained new prostheses.

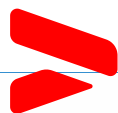

Yvan before his departure

Yvan at one of his rehabilitation sessions at the APROSA center

## YVAN

Yvan amputated very early due to a malformation got his first prosthesis thanks to the donation of recycled components, and to the particular diligence of HI. Yvan is referred by OADCPH to the APROSA fitting center (Togo), to the NDL-A Physiotherapy center (Togo) and to the CNAO Lomé for his rehabilitation and follow-up.

Kit of recycled components prepared by HI for Yvan

## Some beneficiaries

Yvan wearing a femoral prosthesis made with recycled components.

# Yvan

yvan can now stand on his own two feet and is very happy to go to school.

Yvan finally went to school, very happy.

## Some beneficiaries

## Envol

The children of the ENVOL specialized school in Togo have benefited from donations of therapeutic shoes thanks to the generosity of "Health technicians" Masson Domital.

Donation of therapeutic shoes to Envol.

Ceremony for the donation of tricycles and wheelchairs to the beneficiaries of the Togolese Federation of Associations of Persons with Disabilities (FETAPH)

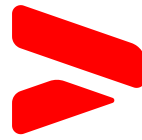

# FETAPH

On behalf of its beneficiaries, the Togolese Federation of Associations of Persons with Disabilities (FETAPH) received a donation of 09 tricycles and wheelchairs from OADCPH

Mr. Komlan in his new tricycle

### **M. Komlan**

Mr. Komlan is a handicapped vanier in both lower limbs. For his activities, he had to depend mostly on other people. With his new tricycle offered by OADCPH, he becomes more independent.

Ms Kadoukpè in her new wheelchair

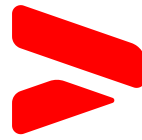

### **Mme. Kadoukpè**

Mrs Kadoukpè had a disability which worsened at the age of 26 following a road accident. Her legs support her weight less and less and arch. Yet Mrs. Kadoukpè has to go to work. She is now relieved by a wheelchair thanks to the donation of OADCPH.

Daniel in his wheelchair

### Daniel

Daniel is a small child of about 3 years old suffering from a total disability of his limbs, for lack of a late delivery. His wheelchair will improve his family's daily life for a little while.

Nashia in her wheelchair

10-year-old Nashia has a disability in both lower limbs. Having become too heavy for his parents to bear, he had to drop out of school. However, with his new wheelchair he will be able to go back to school.

Donation of orthopedic shoes to FETAPH

Donation of assistance products to FETOSPA beneficiaries

Donation of assistance products to the APAV association

## act with us

### Why act with us?

By accompanying us, many people with disabilities, children, young people and vulnerable adults, benefit from rehabilitation care in Africa, through our network of rehabilitation centers and professionals, and  also associations.

### How to act with us?

#### Become our partner

- By providing us with recovery equipment and components for the care of people with disabilities in Africa.
- By helping us to cover the logistical costs related to the acquisition of equipment.
